

Press release:

### **Stift Kremsmuenster Welcomes Phoenix Boys Choir**

On Friday, June 22, 2007, audiences will be delighted by a special musical performance.

As part of its concert tour through Europe, the internationally-known Phoenix Boys Choir from the United States will perform in the Stiftskirche Kremsmuenster, conducted by Georg Stangelberger, longtime director of the Wiener Saengerknaben. The Stift Church has been successful in bringing this magnificent choir to Kremsmuenster. Forty young boys, aged 6 to 15, will show their abilities. Already, the young musicians have performed with well-known stars such as Stevie Wonder, and their CD won a Grammy in 2002. For their performance in the Stift Church, the conductor has created a special program, titled "A Musical Journey Around the World." This exciting selection will enable the audience to enjoy the choir's extensive repertoire, including works by Haydn and Vivaldi as well as choir music from Argentina, South Africa, the USA and China. Clearly, this concert will offer a great variety as well as musical excellence – don't miss this unique performance!

Friday, June 22, 2007. Concert starts at 7:30 p.m. Entrance: Free.
