

Press release:

### **Stift Stams Welcomes Phoenix Boys Choir**

On Sunday, June 24, 2007, audiences will be delighted by a special musical performance.

As part of its concert tour through Europe, the internationally-known Phoenix Boys Choir from the United States will perform in the Stiftskirche Stams, conducted by Georg Stangelberger, longtime director of the Wiener Saengerknaben. The Stift Church has been successful in bringing this magnificent choir to Stams. Forty young boys, aged 6 to 15, will show their abilities. Already, the young musicians have performed with well-known stars such as Stevie Wonder, and their CD won a Grammy in 2002. For their performance in the Stift Church, the conductor has created a special program, titled "A Musical Journey Around the World." This exciting selection will enable the audience to enjoy the choir's extensive repertoire, including works by Haydn and Vivaldi as well as choir music from Argentina, South Africa, the USA and China. Clearly, this concert will offer a great variety as well as musical excellence – don't miss this unique performance!

Sunday, June 24, 2007. Concert starts at 8:00 p.m. Entrance: Free.
